WASTE DISPOSAL

PRECINCT

5.1 RECYCLABLE WASTE

Bins for recyclable waste are located on each level.

Food waste must not be disposed of within these bins.

Should bins require replacement, maintenance or cleaning please contact the Building Manager.

Owners Corporation rules/instructions must be followed.

5.2 COMMINGLE (GENERAL) WASTE

A garbage chute is located within the Recycle Room for placement of suitable commingled waste.

The Recycle Room is located adjacent the lift lobby on each residential floor.

Residents will be responsible for disposing of bagged garbage into the garbage chutes.

The Building Manager will be responsible for monitoring bin levels in the residential refuse rooms ensuring clean empty bins are available to receive waste from the garbage chutes.

Owners Corporation rules/instructions must be followed

Hopper Door and Garbage Chute operation (extract from Wastech Engineering user manual):

1. Turn the handle, open door and hold whilst placing rubbish bag in the hopper. Gently close the door (this will allow the rubbish bag to fall down the chute).
2. **CAUTION: Falling objects in chute – do not place your hands or arms into the chute (beyond the door frame).**
3. All waste should be contained in tied plastic bags. Dimensions not to exceed a cube with 350mm sides. Weight not to exceed 3kg.
4. Do not dispose bottles, glass cartons, or fluids via the chute.
5. **CAUTION: Disposal of large objects in chute may cause damage to chute and or blockages.**

5.3 CARDBOARD WASTE

Cardboard shall be flattened prior to disposal.

Should bins require replacement, maintenance or cleaning please contact the Building Manager.

Owners Corporation rules/instructions must be followed.
